If you are not able to come to the library to do your own research, you may want to hire one of the listed genealogists. Areas of specialty are noted under the name and address of researcher.

The following individuals have requested that their names be placed on this list. These people are not KHS staff. The Kentucky Historical Society does not endorse or recommend particular researchers. Any research contract is negotiated between individuals and the researcher they hire, and KHS does not assume any responsibility.
